DETAILED ACTION

Examiner's Statement of Reason for Allowance

Claims 1-19 are allowable over the prior art of records.

The following is an Examiner's statement of reasons for the indication of allowable subject matter: Claims 1, 4, and 15 are allowable over the prior art of record because the Examiner found neither prior art cited in its entirety, nor based on the prior art, found any motivation to combine any of the said prior arts.

The reason for allowance for claims 1 is the inclusion of examining the plurality of mirrored file system volumes for consistency point values and determining the most up-to-date file system volume based on the consistency point value in conjunction with the rest of the limitation set forth in the claim. .

The reason for allowance for claims 4 is the inclusion of a plurality of mirrored file system volumes, each having at least one snapshot including an entire consistent file system, each said snapshot having a consistency point value indicating sequence in which each said snapshot was generated and a first comparison element capable of being coupled to a plurality of said consistency point values and capable of determining a most up-to-date mirrored file system volume of the plurality of mirrored file system volumes based on the consistency point values in conjunction with the rest of the limitation set forth in the claim. .

The reason for allowance for claims 15 is the inclusion of creating a least one snapshot for each mirrored file system volume of the plurality of mirrored file system volumes and indicating a consistency point value in said at least one snapshot indicating sequence in which said at least one snapshot was generated and determining a most up-to-date file system volume

based on consistency point values in conjunction with the rest of the limitation set forth in the claim.

The remaining claims, not specifically mentioned, are allowed because they are dependent upon one of the claim mentioned above.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance.
